

Olutayo Ogunyemi

Masters /Electrical Engineering

I am a zealous electrical engineer whose aim is to develop more at professional level in a position that demands the abilities and knowledge of Electrical Electronics Engineering; keeping in mind the regulation guiding the engineering act. My objective is to apply the tools acquired throughout my professional studies and experience for the improvement and the continuous learning, with the purpose of contributing to the growth of the company and the society at large and most importantly in the areas of Manufacturing, Quality, Planning and Safety • I have been able to manage and deliver projects successfully; a few are listed within my linkedin profile and the experience gathered in the course of my work experience had distinguished me in my profession as a project manager and as a power professional.
